Procedures for Requesting Opening of a Blocked Website

Elizabeth City-Pasquotank Public Schools has implemented technology protection measures to block or filter obscene, pornographic, and other material harmful to minors. These precautions are not 100% foolproof and may block some websites that have information for legitimate educational or business purpose. Procedures have been implemented to allow for rapid response to requests from teachers and staff to unblock these sites.

It is important that school personnel carefully consider all requests to unblock sites to insure they do not contain information harmful to minors or that would significantly impact effective educational goals of any school.

To request unblocking of a website, send an email to

helpdesk@ecpps.k12.nc.us

Name of staff member initiating request for unblocking.

School (or Support Department).

Identify the specific URL for the websites. (ex: www.goodsite.com)

Describe the reason for requesting the unblock.

Name of School Media Coordinator/School Administrator reviewing, approving, and forwarding request.

Implemented: June 24, 2002

Elizabeth City-Pasquotank Public Schools, Elizabeth City, NC 27909
