ECPPS STUDENT TECHNOLOGY RESPONSIBLE USE

EXPECTATIONS FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES

The use of school system technological resources, including access to the Internet, is a privilege, not a right. Individual users of the school system's technological resources are responsible for their behavior and communications when using those resources. Responsible use of school system technological resources is use that is ethical, respectful, academically honest, and supportive of student learning. Each user has the responsibility to respect others in the school community and on the Internet. Users are expected to abide by the generally accepted rules of network etiquette. General student and employee behavior standards, including those prescribed in applicable board policies, the Code of Student Conduct, and other regulations and school rules, apply to use of the Internet and other school technological resources. In addition, anyone who uses school system computers or electronic devices or who accesses the school network or the Internet using school system resources must comply with the additional rules for responsible use listed below. These rules are intended to clarify expectations for conduct but should not be construed as all-inclusive.

I further agree to be responsible for any school technology equipment or device that I am allowed to use during the school day. I will promptly report any issues with or damage to the device to my teacher. If I am assigned a device to use during the school day, I will be responsible for following established procedures for returning the device each day.

Before using school system technological resources, students and employees must sign a statement indicating that they understand and will strictly comply with these requirements and acknowledging awareness that the school system uses monitoring systems to monitor and detect inappropriate use of technological resources and tracking systems to track and recover lost or stolen equipment. Failure to adhere to these requirements will result in disciplinary action, including revocation of user privileges. Willful misuse may result in disciplinary action and/or criminal prosecution under applicable state and federal law.

I hereby agree to strictly comply with the terms and conditions of the following policies, including but not limited to Policy Code: 3225/4312/7320 Technology Responsible Use; 3226/4205 Internet Safety; and 4318 Use of Wireless Communication Devices. To read the policies in full, please visit <http://bit.ly/ECPPSTRU> or request a copy from your school Administrator's office or Media Center.

PLEASE SIGN BELOW AND RETURN TO YOUR SCHOOL MEDIA CENTER.
